Graduation Requirements Maryland Public Schools 1988 – 89

Requirements for a Maryland High School Diploma are established by the Maryland State Board of Education. Local Education agencies may add requirements beyond those established by the Board. For specific details see COMAR 13A.03.02.03B,C,G.

Students may receive a Maryland High School Diploma by successfully completing three requirements:

1. Satisfactorily completing four years of approved study beyond the eighth grade.

2. Demonstrating competency in the areas of reading, writing, mathematics, and citizenship and participating in specific activities in arts and physical education, world of work, and survival.

3. Earning a minimum of 20 credits beyond grade eight, 4 of which must be earned after the completion of grade eleven. The 20 credits must be distributed as follows:

SUBJECT	NUMBER OF CREDITS
English/Language Arts	4
Mathematics	3
Social Studies (one credit shall be in United States History)	3
Science	2
Fine Arts (dance, dramatic arts, music or visual arts)	1
Physical Education	1
Computer studies, home economics, industrial arts/ technology education, or vocational education	1
Electives	5*
TOTAL	20

In addition to the diploma, students who successfully meet the following requirements will be awarded a Certificate of Merit:

1. Take 2 additional specified credits—1 in science and 1 in foreign language at Level II and beyond.

2. Take at least 12 credits during the high school program in advanced courses.

3. Obtain at least a 2.6 cumulative grade point average on a 4.0 scale during the high school years.

*Each local school system, with the approval of the State Superintendent of Schools, may establish graduation requirements beyond the minimum requirements established by the state.

Maryland Education Technology Network (METN)

This interactive computer network links students, teachers and administrators to a vast store of education software, data retrieval and information services. The METN, which is supported by technical asssistance, staff development, and software evaluation services, facilitates the equal distribution of educational resources throughout the state. A new initiative was the development of METNET computerized electronic mail as a model for statewide communications.
